Instructor Re-Certification Guidelines

Law Enforcement Services (LES) programs exceed all National Highway Traffic Safety Administration (NHTSA) standards for ***Police Traffic RADAR & LIDAR Instructor Certification***. This course is also endorsed by Northwestern University, Center for Public Safety.

LES also provides Instructor Re-Certification every 3 years in accordance with NHTSA standards. Re-Certification may be accomplished as follows:

1. Document proof of initial Instructor Certification or Re-Certification by Law Enforcement Services, LLC or by Northwestern University, Center for Public Safety. (Photocopy or electronic scan is acceptable; however, if the current certification or re-certification has expired more than 3 years, the initial course must be repeated.)
2. Documentation that you are currently employed by a government agency and that agency desires to continue to utilize you as there radar and/or lidar instructor. (Department letter from supervisor sent as a PDF is sufficient.)
3. Write your name (and rank if desired) as well as your current department the way you want them to appear on your new certificate. (Be certain to include a return mailing address.)
4. Include payment of \$70.00 payable to Law Enforcement Services, LLC. (Check or PayPal)

Upon receipt of the above documentation Law Enforcement Services (LES) will review and approve proper documentation. LES will then mail a current Instructor Certification along with a current Instructor USB flashdrive, a \$39.95 value. (Instructor USB flashdrive \$34.95 plus \$5.00 shipping & handling.)
